

## **"YOUR BOAT IS IN GOOD HANDS"**

**CV - Stuart Lissaman** - I was educated in England and on leaving school completed a 5 year APPRENTICESHIP with an Aero Space Component Manufacturer. During my apprenticeship I was involved with various processes including conventional machining, CNC machining, Planning and Quality Control - in parallel with my apprenticeship I achieved a National Certificate in Engineering.

As a career change I attended Southampton Solent University where I successfully studied for a National Diploma in Yacht Manufacturing and Management.

On completing my course, over the last 20 years I have worked on boats from 244 feet long to sailing dinghies in England, Italy, France, Sweden and Canada.

### **Projects include -**

- 156ft Mira Schulze Class German Minesweeper
- 77ft German Frers Wally Yacht
- 91ft German Frers Stealth Yacht
- 43ft German Frers Day Sailor
- Volvo 60 Class 'Assa Abloy'
- Hull extension for the catamaran 'Play Station'
- Work on a 244 ft Super structure - Aga Khan's Super Yacht
- Swedish America's Cup training yacht
- Swedish America's Cup Yacht for the 2003 Challenge
- 5.5M Class keel boat
- 122ft Ghost Super yacht
- 53ft 2 IMS yachts
- Shore crew - Fred Eaton's Canadian C Class Catamaran racing team
- Various racing day sailers - Etchells, Sonar, Ideal 18, International 14 and a concept Moth class dinghy
- Construction and repair - Aerovelo - 'ETA speed bikes and Blue Velo
- Corrosion resistant products used in the Construction industry
- Aero Space components and moulds

### **The work on these projects involved -**

Fibreglass lay up and repair  
Hull and deck construction in carbon fibre with nomex core, carbon kevlar using core cell, carbon fibre wet lay up, S glass and nomex  
Hull and deck repair to gel coat  
Hull sheathing using West Systems Resins  
Mould construction, repair and maintenance for boats, aerospace and Velo bikes  
Strip plank and plywood mould construction  
Deck hardware and bright work installation  
Dustless hull cleaning and antifouling

**" When Stuart started work on my boat it was evident that he had a wide experience in boat building and maintenance - H.D."**
